

Instructions for use of lab coats NCMM		Filing number in ePhorte: 2016/7560
		Page : 1 of 1 Date : 17.06.2016
Elaborated for NCMM HSE-coordinator Liv Bjørland	Approved by: Centre Director Kjetil Taskén	Edition : 3 2-2012 15.02.17

The use of lab coats is mandatory working in the labs at NCMM.

- White coats for the ordinary lab-work (sent for wash).
- Disposable blue (one size) or yellow coats (small/large sizes) for work in the cell-labs.
- Disposable yellow coats for work in the mouse lab.

All disposable coats should be named and can be used multiple times, but should be disposed of when necessary. If the supply of coats is not sufficient in numbers or sizes please notify the HSE-coordinator.

- **The lab coat is your first protection against any spill.**
- **Protect your private clothes in the lab space.**
- **Always take off your coat when leaving the lab to avoid contamination.**
