Item 2-1/22 Short briefings

New LAMU member: We welcome Rasma Gutsmite as a new LAMU member. She is the safety deputy and representing the research group at Kristinne Bonnevis house.

Trine Evensen from the occupational health service is present to observe the LAMU meeting.

Safety inspection: The first draft of the questionnaire was presented. LAMU members came with suggestions of improvements. Anna will make the necessary changes and let LAMU members try the quiz, prior to sending it out to the whole institute.

WIKI page: The first draft of the Wiki page for NCMM was presented. LAMU members suggested different topics/ information that should be included, and how it should look. Anna will make the necessary changes and present it the next LAMU meeting.

Item 3-1/22 Corona restriction updates

There is no news from the government or from UiO regarding the corona restrictions. We all still wait for the updates from the government that will take place January 14.

NCMM has until now six cases of corona. All of them were unrelated, and the persons affected acted responsible and communicated with the management and other people involved. Thus, we avoided more spreading on the institute.

However, there is a lot of infection around these days and it might be a problem if one has no or little symptoms.

Until then the same rules apply: reduce the number of social contacts, keep distance and wear a mask.

Item 4-1/22 Time for second LAMU meeting

The second and third LAMU meeting will be scheduled after all of the LAMU members answer the Doodle poll. Anna will send the doodle link once more.

Item 5-1/22 Miscellaneous

Nothing.
