

## **Assessment Guidelines**

### **INTHE 4113 Introduction to Medical Anthropology**

#### **Evaluation is based on the following criteria:**

- a) Formal academic standards according to exam question
- b) Language / style / author voice
- c) Selection of penum literature and additional anthropological literature in terms of content and volume
- d) Adequate use and application of anthropological literature in answering the exam question
- e) Clear and coherent structure of the essay
- f) Development and clarity of argument
- g) Show adequate understanding of perspectives and approaches in Medical Anthropology
- h) Degree of originality and independent thinking

#### **Grading is based on the following standards:**

##### **A – Excellent**

An excellent performance, clearly outstanding. The candidate demonstrates excellent judgement and a high degree of independent thinking.

##### **B – Very good**

A very good performance. The candidate demonstrates sound judgement and a very good degree of independent thinking.

##### **C – Good**

A good performance in most areas. The candidate demonstrates a reasonable degree of judgement and independent thinking in the most important areas.

##### **D – Satisfactory**

A satisfactory performance, but with significant shortcomings. The candidate demonstrates a limited degree of judgement and independent thinking.

##### **E – Sufficient**

A performance that meets the minimum criteria, but no more. The candidate demonstrates a very limited degree of judgement and independent thinking.

##### **F – Fail**

A performance that does not meet the minimum academic criteria. The candidate demonstrates an absence of both judgement and independent thinking.
